

### Enclosures

Power Magnetix designs and stocks a line of enclosures for all of our custom magnetix. They are available in NEMA 1 (National Electrical Manufacturer Association) and 3R as shown below.

#### Standard Features

- NEMA 1 ventilated for indoor application.
- “Take apart” construction with interchangeable parts for flexibility
- Forklift and mounting provisions.
- Larger enclosures #525, #675, #800 and #1000 have welded structural steel bases
- ANSI 61 gray powder coat paint

#### Optional

- NEMA 3R ventilated with rain shields for outdoor application.
- Other finishes and Stainless Steel (in quantities only)

#### Standard Nominal Enclosure Sizes

PMI Model Number	Height	Width	NEMA 1 Depth	NEMA 3R Depth (across rain shields)	Approx KVA Range
150	23"	23"	14"	18"	Up to 20
200	28"	26"	18"	23"	21-63
350	36"	32"	23"	32"	64-125
525	46"	43"	29"	38"	126-225
675	61"	56"	36"	45"	226-500
800	90"	68"	43"	59"	501-750
1000	96"	96"	48"	61"	751-1500
